Bill Ryberg let us know over the weekend about a small tree that fell across Washington Boulevard at the bottom of the dip near the drain Sunday. He took care of the portion over the road and wanted to be sure we knew about it.

Steve, the North Kitsap Road Supervisor, went up to take a look at the area yesterday. They took care of the rest of the tree and saw nothing that causes him concerns regarding ground movement. We continue to monitor your area on a regular basis.

Thank you Bill for bringing this to our attention. We appreciate being in the loop on what's happening in your neighborhood. If anyone notices anything of concern please feel free to email me directly, and we'll get on it and take a look.

Hope you are all enjoying the return of the rain and the beautiful fall season we have in Washington.

Sincerely,

Doug
